CKS Unrivalled G54 PB Black Purebred

He is heterozygous black, homozygous polled PB94. Top 1% on multiple trait EPDS. This black purebred writes performance with less birth. A high maternal sire with added growth has created quick use of this polled sire. Unrivalled brings together the genetics of past proven Gelbvieh.

LRSF High Life H64

BA Black Balancer

LRSF High Life H64 is a true herdsire prospect with all the characteristics of a breed leader. In terms of power, width, depth, dimension and eye appeal, this guy is hard to beat. He is homozygous black, homozygous polled, a 53% GV Balancer out of JKGF Ditka and is impressive the whole way around with top 20% CED, top 1% WW, top 2% YW, top 4% CW, top 10% REA and top 10% FPI while gaining 5.13 lbs/day and weighing 1315 on January 9. There were many units of semen used on this sire in 2021. The pedigree from sire and dam packs the genetics in Gelbvieh balancers.

BNC Pendleton G969

PB Red Purebred

Pendleton was the High Selling Red Purebred bull in the 2020 Hojer Ranch Production Sale. Nearly a complete outcross to most red genetics currently available. Pendleton is good footed and structurally sound in a very powerful moderate package. Against his contemporaries, he boasted a 824 lb 205 day weight (109 ratio) and a 1238 lb 365 day weight (107 ratio). Plenty of eye appeal and muscle in this red polled purebred.

CCCJ 9115G

PB Red Purebred

Really classy red bull. Calving ease genetics with loads of performance. Super disposition. Build a herd around this bull. This red polled purebred should write calving ease with both sire and dam in low birth EPD's. The pedigree on both sides brings in top genetics from past proven sires. The phenotype on this polled red sire has been talked about by anyone that has seen him. His first progeny are coming. We will watch for the added depth, muscle, thickness and correctness of J9115 progeny.

BARG Independence 21G

BA Red Balancer

BARG Independence 21G is one of the greatest sires that walks the pastures at Barwick Gelbvieh. Independence is as solid and thick as one can make a bull but yet does not sacrifice soundness and freedom of movement. He combines all the necessary pieces to be your next great AI sire; heavy muscled, bold ribbed, stunning eye appeal, great pedigree, and a perfect EPD profile. His maternal brother Mr. Eminence 21H has gained national attention and is certainly the sale highlight of the Barwick Gelbvieh Production Sale. Without a doubt Independence's dam is soon to hit the donor pen as the constant quality she produces year after year is extremely evident.

MJBC Franchise F806

PB Black Purebred

He is a homozygous black and homozygous polled. Franchise is a deep bodied purebred that has breed leading calving ease and solid milk EPD. He has a moderate frame, big scrotal and an excellent disposition. But most importantly, he is a true outcross for most every Gelbvieh herd. We now have a picture to go along with this calving ease purebred. There will be many reports on progeny this spring. The muscle, depth and calving ease should catch the aggressive breeder.

DLGO American Outlaw F015 PB Black Purebred

\$30 regularly - \$25 if buying 20 or more units. Phenomenal carcass merit, profile and awesome birth to growth stats. American Outlaw's pedigree features the popular sire New Frontier (deceased) and renowned Miss Fortune U490 cow family on the maternal side. He has leading EPDs for a PB bull in the Gelbvieh breed. He will not only produce long and deep calves but will increase EPDs in his offspring. This homozygous black and polled purebred will improve many EPDs. One of the best carcass sires available plus pounds gained at weaning and yearling. This purebred drives profit potential.

ALS Elite Impact 4F PB Black Purebred

Elite impact has a balanced EPD Profile with excellent growth. These older genetics have been solid for years and continue to provide quality without sacrificing gain. Persons wanting to add extra pounds at weaning will love this bull. He produces length, depth and very thick calves that are docile and look good. This homozygous polled and homozygous black bull is the working type that will not disappoint. Good feet! He is NOT a heifer bull. Both sides of this pedigree are proven Gelbvieh genetics. Muscle, depth, volume and balanced EPDs make an attractive package for your cows.

KHR Last Stand F02 PB Black Purebred

\$30 regularly - \$25 if buying 20 or more units. Last stand is producing moderate frame genetics in a complete package. He sires deep sided calves naturally thick, with moderate birth weights that hit the ground growing. A balance of EPDs that can work well in any direction. He is one of the deepest PB bulls in the breed. This 2018 homozygous black and polled PB will add depth, a maternal pedigree and the look we like in a beef program.

BGGR Blk Gold Payload 6152

BA Black Balancer

Son of BGGR Blk Gold Payload 6152

AMGV 1367868 Semen: \$40 Birth: 12/12/2015

Payload is now available after being syndicated at the NWSS in 2017. Payload will add rib, power and moderate frame. The females are deep, easy fleshing with plenty of milk and beautiful udders. Sons are stout and scan big ribeyes with good marbling. This Homozygous Polled Balancer will make bulls and females that are sale toppers.

JLEA Tops Down

PB Red Purebred

Tops Down is a dark red calving ease bull that ranks in the top 1% of the breed for low birth weight. Also a phenotypic stand out admired for his depth of body, structural correctness, clean smooth joints and masculine features. Champion Gelbvieh Bull at the 2020 American Royal. Champion Gelbvieh Bull at the 2020 National Junior Show. Supreme Champion over all breeds at the Nebraska State Fair FFA Show. The red genetics of this quality are hard to find, i.e. calving ease, polled, gentle and phenotype. This red bull did not come too soon. Reports have made this sire extra on docility.

CTR Jackpot 8660F ET

PB Black Purebred

Lot #131 from the 2020 Maternal Empire Bull Sale sold for \$35,000.00. This is the best purebred bull in phenotype I have seen in my 50 years of raising Gelbvieh cattle. This bull is long bodied with a big butt, wide top and has good feet and legs to go with the excellent rib shape. The dam of 8660F was 17 years of age when flushed. The cow was a never miss in matings and creates lessor growth EPD's with her age. Cedar Top Ranch will use 200 units in 2020. Eldon Starr Cedar Top Ranch and Bull Barn Genetics. Many units used from this bull in 2020. Reports should be many in March 2021.

JOB Danell Napoleon 01E

PB Black Purebred

Napoleon is a homozygous-polled, homozygous black purebred Gelbvieh bull with CED in the Top 10%, BW in the Top 15%, CEM in the Top 20%, good growth, and a Milk EPD in the Top 25%, Marbling in the Top 20%, FPI in the Top 15%, and a Tenderness score of 6! From a beautifully uddered, good footed dam that (on two calves) averaged an 82# birthweight (90 BW ratio), 791# 205 weight (116 WW ratio), and a 1312# yearling weight (101 YW ratio)! Her own performance shows an 82# birthweight (97 BW ratio), 608# 205 weight (99 WW ratio), 708# yearling weight (102 YW ratio), and an adjusted IMF of 5.339 (137 IMF ratio)! Proven CE and structural correctness on this Purebred.

PB Black Purebred

Lot #136 from the 2020 Maternal Empire Bull Sale. This may be the very best bull we have ever produced. Yes he is a purebred and we have big plans to use this bull heavy this summer on angus cows to make incredible Balancers. Only problem is we can't decide between him and his flush brother lot 131, which one we like the best. Both bulls can move with any saddle horse in the country, I mean they can really walk out like herd bulls. Thick made and base wide, the kind that makes tremendous feeding steers. These 2 bulls will be easy to sell semen if you're into that but better yet they will leave a set of bulls, females or steers that all will envy. This bull will need another look.

DLW Watchman 2501B

BA Black Balancer

High selling Balancer bull in the 2016 Warner sale. Progeny tested at Cedar Top and Warner Beef with outstanding results. Siring low birth, attractive, heavy muscled progeny that are in demand by commercial cattlemen. Daughters are nearly ideal balancer females for udder quality and phenotype. If you want attractive females and bulls easy to sell, use DLW Watchman This sire can be the commercial man's kind for phenotype and pounds. Both sides of the pedigree are calving ease. A good set of EPDs to work from.

MR BHSF Prophet B006

Homo Polled - Homo Black

Black Balancer BA

Homo Black & Homo Polled.
Short Fescue Hair.
Dams First 6 calves 1st service AI & perfect udder.
#1 Marbling Active Balancer Sire.
#2 FPI Active Balancer Sire.
Add a touch of Gelbvieh from this sire for calving ease, carcass and the balance of good EPDs., plus short hair for the southern market.
Prophet could improve nearly any mating for better marbling.

PROG OVER Game Day 443G

Homo Polled - Red

Red Balancer BA

Homo Polled 50/50 that was our high selling and most talked about Red GV/BA, that combines our most prominent Gelbvieh donor with our all time high selling bull. His sire Draft Pick has 3 of the most prominent Red Angus cow families in his pedigree. Game Day has a chance to get fans of red genetics excited. Not only is he a standout amongst the competition phenotypically, but genetically as well. He ranks among the breeds top 3% for CED top 15% for BW while still being in the top 30% for YW and top 25% for FPI. Watch for this red outstanding red balancer reports coming in 2021. His progeny will tell the calving ease and phenotype story we expect. Both sides of the pedigree packed.
